

Our thoughts about prayer July 2023

Year 4

I think that praying is important because it is a time when you can be spiritual and connect with God. I feel that when I pray I am in another world because I can come back to God or simply just as for forgiveness. God is more reliable than anything because he is always there to hear you so when I pray, I know that he is listening.

I think praying is important and that not everyone has to do it but doing it puts you in a happier place and it makes you remember all of the Easter stories and that no one should be unkind to one another.

I like praying because you can talk to God and tell God anything like a friend. I think praying makes me calm . I really like praying in school because I can be with everyone.

When I pray, I thank God for the beautiful and amazing world he has made.

We pray because we want to ask God for something or we are telling him something that we're sad about and because we are a Christian school but if you don't want to pray then they don't have to. Praying makes me happy because I am talking to God.

Turkey and Syria because of the earthquake. I love to pray

I like praying because it makes me feel like God is next to me. Praying makes me feel calm and happy. I like praying because I can talk to God about my feelings.

I think that praying is very important because you can talk to God and tell him about things that have happened. It is also that when you pray, you can talk to God and he can forgive you if you have done something bad.

Year 3

Praying makes me feel happy, calm and relaxed so I like praying and will do it anywhere. Praying makes me concentrate on what ever I am doing also it gives me a fresh start once I have prayed. I think praying is important because God is listening and it is respectful.

It makes me feel happy because I like worshipping God.

I think that praying is really nice because it's a way to communicate with God and makes it feel like you are by God's side and that you are allowed to enter heaven. I pray because God will help me in hard situations and always tell us the right thing to do.

Praying makes me feel happy. I like praying in quiet places. I like praying with other people and sometimes on my own. Praying makes me feel like God and Jesus are watching.

It makes me feel close to God and makes me feel loved by God and in his care. I like to pray for other countries like Ukraine.
